

**HOLY TRINITY CATHOLIC SECONDARY SCHOOL
COURSE OUTLINE**

Name of Course/Course Code: Ceramics and sculpture/AWP30

Course Prerequisite:

Course Description:

This course will engage students with contemporary sculpture and ceramic practices and facilitate the development of their own practice. Students will be introduced to a variety of materials and processes of making as well as the set up and clean up procedures of the various media. Students will learn how to incorporate the creative process as well as the elements and principles of design to create original work. Students will be introduced to the history of twentieth century sculptural practices through art history lessons, class discussions and oral and written critiques.

Catholic Graduate Expectations:

The focus of this course is to frame the Visual Arts experience within the context of celebrating, respecting, and affirming the human experience. The students will reflect upon loving relationships, self-discovery, and spiritual growth. Students will become increasingly aware how powerful the Visual Arts are in our society and how individuals whose career is related to the visual arts can inspire thought-provoking images of a world view. Students will strive for excellence, originality, and integrity in their own artwork while supporting these qualities in the work of others. Essential life skills such as perseverance, discipline, commitment, and teamwork will be the binding characteristics of this course.
