Catholic Graduate Expectations:

The primary goal of Catholic education is to educate for life and to facilitate young people to become discerning believers who demonstrate a Catholic openness and a commitment to social justice. Education in the Catholic school system nurtures the vision that the glory of God is realized when each person is able to reach his/her potential while acknowledging human weakness and limitations as creations of God. Subsequently, this course encourages students to find and value their own voice through the integration of a variety of literature, media and communication. The Grade 10 curriculum is another stage in the students' journey towards completing the Catholic Graduate Expectations and their life long partnerships with God.
